Re: Testimonial

Dear Joseph:

On behalf of Ridberg & Associates Architects, P.C., I would like to thank you for your professional services at Miller Motorcars' Aston Martin Dealership in Greenwich, Connecticut. Working with you and your team hand in hand on this project worked to everyone's advantage. This project, due to its complexity, required a tight collaborative effort between Coppola and Sons and Ridberg + Associates. Your ability to understand and interpret our design intent working on a metric grid both horizontally and vertically to align the travertine throughout proved to be no challenge. I'm happy to report that after your installation the additional elements provided by others aligned perfectly with your tile matrix. This is truly one of the toughest project tolerances I have seen. It was a delight working with you and your attention to detail on this complex installation really gave everyone something to cheer about. I look forward to working with you again in the future.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jonathan M. Dennis', is centered on a light gray rectangular background.
